DIGIT DISPLAY

WALLET CALCULATOR

UNV-15907

Owner's Manual

Universal®

FEATURES

Large, 8-Digit Display – big, easy-to-read LCD numbers.

Four Function Memory – includes addition, subtraction, recall, and clear.

Dual Solar/Battery Power – built-in solar panel extends battery life by powering the calculator in the light.

Automatic Power Off – saves battery power by turning off the calculator if it is left unused for about 7 min.

OPERATING THE CALCULATOR

ON/C•CE Key – Power ON / Clear LCD / Clear Entry. Power OFF after a few minutes if no button is pressed. If a result is too big to show in the LCD, the calculator stops and displays **E**. Press **ON/C•CE** to continue.

Metal Carrying Case – Protects the calculator wherever you go.

+/– Key – Press to change the displayed number from positive (+) to negative (–) or from negative (–) to positive (+).**MINUS –** is displayed when the value is negative.
